

CRYSTAL
LUXURY AIR™

CRYSTAL SKYE: AIR PROFILE

AIRCRAFT

Boeing 777-200LR

CREW:

Cabin crew: 19 Skye Attendants

Flight crew: 4 captains with global operation experience for a B777 aircraft

Crew background

Crystal Skye employs 19 Skye Attendants, plus two pursers, from all over the world, boasting a cumulative total of more than 140 years of flying experience.

Among them, 32 languages are spoken, including Mandarin and Cantonese, Spanish, German, French, Afrikaans, English, Italian, Bengali, Japanese and others.

Design

Every element of the customized interiors has been completely re-imagined by Crystal AirCruises designers to create a standard of luxury and comfort in keeping with what guests have come to expect from Crystal.

Customized luxury amenities

- ◆ Custom designed cashmere blankets and lumbar pillows, goose down pillow, duvets and mattress toppers for plush in-flight sleep
- ◆ Custom cabin tote bags, including toiletry kits and Bose headphones
- ◆ State-of-the-art connectivity with Crystal AirCruises global Wi-Fi

Abundant space

Featuring the widest VIP cabin configuration in commercial service, Crystal Skye offers a sense of space throughout the luxury aircraft, with custom seat design and configuration, dedicated social lounge, high ceilings, sophisticated contrasting color palettes and contemporary design.

- ◆ 6 VIP lavatories featuring spa-like atmosphere – relaxing music, large countertops, ETRO bath products, and space to change into sleep attire.
- ◆ Dedicated Social lounge designed for optimum gathering space for guests to enjoy cocktails and small bites while mingling in flight

Crystal Exclusive Class™ Seats

Exclusively designed for Crystal AirCruises by Zodiac Seating, the worldwide leader in premium airline seating, with ergonomic and luxurious comfort. Guests will have an average of three windows between each seating row. Staggered rows also allow for center seats to enjoy window views.

- ◆ The Crystal Exclusive Class™ seats are configured in a 2x2x2 format, with extra wide aisles, a 74-inch pitch between seats and a 24-inch width between armrests
- ◆ At 73.5 inches long, each leather seat can lie fully flat and was especially selected to provide optimum comfort in both horizontal and upright positions.
- ◆ Each seat offers personal USB ports and power outlets

Luxurious Details

- ◆ Bespoke Crystal VIP carpet throughout the aircraft cabin
- ◆ Customized and adjustable cabin lighting enhancing the in-flight experience

CRYSTAL SKYE: AIR PROFILE

Luggage capacity

Guests are each permitted three complimentary checked bags, not exceeding 70 lbs. each, plus one carry-on bag, not exceeding 45 inches overall. One personal item (purse, laptop bag etc.) is also permitted.

- ◆ Crystal Skye has newly designed overhead compartment which allows for much greater storage while taking up less space in the cabin, creating a more open feel and providing more room for guests to travel with the personal items they need.
- ◆ Crystal Skye boasts the tallest cabin ceiling with no overhead center bins, enhancing the open cabin experience.

GUEST EXPERIENCE

Crystal Skye Attendant service

Each guest enjoys the personal service of a butler assigned to cater to their individual wishes throughout the in-flight experience.

- ◆ Butler carts are equipped for six-star service, with steam irons, shoe horns and polish, wrapping paper, extract fragrances and lens cleaner

Culinary experience in the clouds

Crystal Skye's executive chef oversees all onboard menu designs, featuring Michelin-inspired cuisine reflecting the global destinations visited. The chef collaborates with the sommelier/mixologist to offer pairings with fine wines from Crystal's SkyeCellar.

- ◆ Two professionally appointed galleys, equipped with nine total steam and convection ovens, espresso machines, frother, blender, ice machines and other necessary tools of the trade
- ◆ Chef carts are fully stocked for special requests

Crystal SkyeCellar

Crystal's SkyeCellar is a beautiful glass enclosure housing more than 200 fine vintages. The custom-built encasement boasts a chiller for perfect temperature control of the wines, which are selected by the executive chef to complement the gourmet onboard cuisine.

Connectivity and entertainment

Crystal Skye's in-flight entertainment system has been designed exclusively for the aircraft with 24-inch HD Panasonic monitors – the largest in the industry – and mini monitors in each handset. The custom system enables guests to view a comprehensive selection of Audio Video on Demand with over 100 movies, TV sitcoms and audio files, in addition, Live TV with 5 channels with News, Financial and Sports channels and other features including:

- ◆ Live cockpit-to-airport ground control listening channel
- ◆ Detailed live moving map offering guest the ability to check progress of their AirCruise
- ◆ TV cameras outside for views of take-off, in flight and landing
